About Japan – Internship Locations

Tokyo
Tokyo is the capital city of Japan. It is known for the flashy electronics and machinery that make up most of its industry but there is, even more, the city has to share. Tokyo has a large manufacturing and service industry that span a breadth of opportunities for interns to take part in. Just as Tokyo offers a little bit of everything, all of the Career Fields have the chance to learn from one of the most competitive and expansive markets in the world.

Osaka
Osaka is the third-largest city and an economic hub of Japan. Osaka has companies ranging from internationally renowned large corporations such as Panasonic to SMEs with innovative businesses and technology platforms working in sports, video games technology, and green energy. Osaka is Tokyo's less expensive and conservative foil rooted in its prosperity as an arts, theatre, and cultural hub at one time.

Academics & Program

CRCC Asia's International Virtual Internships hosted by CCIS do not include academic credit for the experience. However, students are eligible to receive academic credit issued by Saint Peter's University in Jersey City, New Jersey for an additional school of record fee - see chart below.

In order to receive academic credit for an internship, participants must be enrolled students from an associate's or bachelor's degree program and must choose the option of virtually working 30 hours per week during their internship in order to meet the minimum direct "contact hours" required for credit.

Credit awarded for the internship will be based on the successful completion of CRCC Asia's Global Internship Curriculum, CareerBridge, proof of hours worked, reflective essay, and an evaluation from your host company

supervisor.

Credit option fees:

Number of Credits	3 Credits	6 Credits	9 Credits
Minimum Hours Required (Not including Induction day, CareerBridge, Business Seminars and optional cultural events)	105 direct internship hours worked	232.5 direct internship hours worked	360 direct internship hours worked
Cost	$300	$550	$750

We strongly encourage students to consult with their home institutions about receiving academic credit for a CRCC Internship

Student Life & Housing

Student Life

Interning in a foreign country is a life-changing opportunity for personal growth, cultural enrichment, and higher learning. While you are developing your professional skills during your internship; CRCC local staff will also organize different cultural activities, community outreach events, business seminars, intern dinners, farewell banquet, and optional excursions.

Housing/Accommodations

All of our programs include state-of-the-art student accommodations with security and the amenities you need to succeed. Participants will be housed in shared apartments in double occupancy rooms and a shared kitchen. Program participants will all be housed together to facilitate networking with close access to public transportation to make your commute easy. Your new home will be safe, accessible, and the perfect place to come back to at the end of a workday.
